WCFL- Pahn did work with Skolnick in advance of suit, did get persuaded, and did give it ixxthe imprint of authenticity it otherwise would have lacked. Compare total silence of the media when he aired identical charges on WRSV. The AP's story makes this clear, in what it says and in the attention itself. That has been lacking. Example: AP was silent when I filed a syit a li-tle earlier. I think the ECFL name and reputation made this difference.
